Dear Enos, Attie, Pierre and Carl

RE: DRAFT IBA BILL

Amanda and I have spent most of Thursday and Friday and intend spending most of Sunday on finalising the draft IBA Bill. Our work has involved filling in the numerous gaps; re-working certain existing sections and attempting to make the Bill more presentable.

Given that our deadline is 9.00 am on Tuesday 22 June, we feel that it is critical that the committee work through the Bill in its amended form on the Monday 21 June. In addition to the Bill itself, we need to prepare an executive summary and a report. The report will need to include those substantive areas of difference within the committee.

We feel that the best way of dealing with this logistically is for the amended draft to be delivered to your respective offices by 10.00 am on Monday morning (although we understand Attie may be in Cape Town) with a view to you reading the Bill during the course of that morning. We propose that we then meet at 2.30 pm at the World Trade Centre to finalise the Bill and should be prepared to remain there until we finish both the Bill and the report.

If there are any problems with these arrangements, please let us know by the end of business today. We are working at David Dison Attorneys and can be reached at the above numbers. Alternatively we can be contacted during the weekend at:

Amanda (011) 648-6068

Michael (011) 648-9487

David (011) 648-8660

Regards

Michael Markovitz
