Dear Dr Eloff

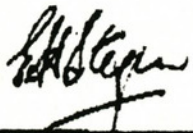

**Re: NO DISCRIMINATION TOWARDS SEXUAL ORIENTATION**

On behalf of the Kwasizabantu Ministers' Conference we want to express dismay about the recent proposal by the negotiators to consider a non-discrimination law towards sexual orientation. "Sexual orientation" is a euphemism for perversion, homosexuality and lesbianism.

To afford special protection to a lifestyle that is expressly forbidden by the Word of God would be disastrous for our country.

It is ironical that this special protection to sexual orientation was rejected by the First Chamber of the Netherlands Government (which also rejected euthanasia) just recently.

Yours faithfully

Rev E.H. Stegen
