PAN AFRICAN CONGRESS

B DESAI / P De Lille

URGENT INTERIM BILL

Please arrange for an urgent interim bill to suspend the application , ruling , or judgement , by any court of Law , as regards any legislation applying the old form of law containing discrimination in any forms whatsoever , whether racially , religiously , politically , commercially or otherwise , with immediate effect , pending multi party negotiations , and their ensuing final drafts - decisions .

The reason for the above is that it has come to our notice that there are many cases both pending and ensuing whose conclusions may be adversely affected (and in fact have already been adversely affected) due to the current discriminatory-laws This applies to all courts , whether Magistrates , Supreme , Provincial , or Appellate .

It amounts to an enormous waste of national time , energy and resources due to any current legal action awaiting a ruling or ensuing action still to be determined .

We trust that as we are natural and historical allies forking out a common destiny to rid our country and its people from the claws of colonialism , imperialism , racialism

and all its negativities , that you may note the urgency of the afore -
mentioned in the interests of all our people .

Yours sincerely

Sikander Mohammed
