The Chairman  
The Constitution-Making Committee

We, as a Church, wish to express our deep concern and extreme displeasure that homosexuality is to be legalized in South Africa and even mentioned, let alone writing it into the Constitution.

This is contrary to the Word of God and we wish to voice our strongest objection and demand that this issue be resolved by a referendum.

Yours in His service,

.....  
PASTOR DERICH DE NYSSCHEN  
Senior Pastor
