Dear Dr. Eloff

The Konrad-Adenauer-Foundation is publishing a reader in Germany on the subject of "Democracy and Culture in Sub-Saharan Africa".

For this publication we would like to print photos from the multiparty talks at Kempton Park as an example of an African "round table" - conference.

I kindly request your office to make some press-photos for this publication available.

Your assistance will be highly appreciated.

Yours sincerely

-Frank Spengler -
Resident Representative
