Mr. Ramaphosa

1.) Opening

10h13

Welcome to

1st meeting in 1996, esp. Mrs. Comber, appointed Dep Minister. Congratulated

Agenda

v. Breda

Can't comment on Minutes

Ramaphosa

No: Add Item 2:
~~The~~ Agenda.

Official Item 2: Minutes in Documentations. Were circulated in January to all of us.

v. Breda

That's why he can't remember them.

Would have proposed, hadn't had opportunity to go through them.

Ramaphosa

Proposed I wanted further opportunity to go thru them.

Godhan

Problems

Rather, note the minutes, & go thru them if & when have time.

Ramaphosa

Re new team of people to look at language in the constitution.

Godhan

That, one area in conflict w/ our notes.

Ramaphosa

Revised: take Minutes as noted; will revert back to Minutes if there is a need to correct certain positions.

} starting at 15h00.

Ibrahim

This week

1) Start at 15h00 rather than 14h00 CA

2) 1st wk of April: poli. deci. on all outstanding issues to be concluded, to allow tech comm. to finish work.

3) CC 15 April

4) Process of Adoption 22 April - 8 May with final reading.

Ramaphosa

There are a # of issues outstanding that need to be dealt w/ if to finish by 8 May.

We need solid time, running into many hours of day.

Ramagosa

This 1-4 April
Manlom proposed CC go away & work
solidly to finish work & come back w/
completed doc. by 4 April.

Manzini

Admin issues: where wd they go?
Have lists to plan.

Godhan

Concern w/ Easter weekend

Manzini

Org. depends on agreement.
Multilateral, where members wd not
be disturbed by phones & staff.
Making arrangements for transport.
Out of town.
Will inform members.

Comerex

Wants air-conditioning

Ramagosa

Okay, for
Proposal, Sun City.

Eglin

DP w/ reservations w/ tightness of schedule
MC recorded, needed to take stock
at that time if needed poli.
agreements reached.

Marais

Need to consider members programmes
Forward to MC for discussion.
Tough to have for 4 days.
All w/ other things, cant go
away.

Wessels

Manlom agreed small grp needed to focus in uninterrupted way on these matters.
Admin considering venues.
Here, too many attractions to draw people away.
Need to work "down until dusk, & dark into the night"

Ranaphosa

Let Manlom consider the final details.
Wessels said
May not be nec. to take all CC, but members of Sub Comm

Asked: accept in principle & leave it to people involved in negotiations to finalize details.

Kgositsile

Agree in principle to the need.
Let it be the CC. If not, still need that extra step.

Hofmeyr

Don't decide Subcomm or CC. Let each party have the people they want to be there. Will be about CC size. But need to know where.

Ranaphosa.

Let CC agree in principle to "Retreat" for two or 4 days - people involved in negotiations.

Lbrobin

Armiton

Ramaphosa

5
People to be flown here in multi airplane.
Accommodated here w/ some staff + experts.

Agree.

- Admin to finalise the details.

- Each party will need to nominate the people who sd go.

3.2 Outstanding issues
Ramaphosa

P. 55-61

To be dealt w/ 1-4 April for finalisation to allow Tech preparation of final draft, 5-14 April.

Ibrahim

4th ed. : 2 sep. parts:

1. Draft text
2. End notes.

End notes a guide for discussions.

Ramaphosa

Thanked + congratulated Admin members for collating as they did, + expect for having analysed them.

Subcom has taken into account views of quite a # of individuals + organisations,

Process of public participation have gained a completely new meaning in the process.

Wissel.

6
Corrected earlier statement & that
Bill of Rights should be discussed 1-4 April.

Ramaphosa

Proposal p. 11/10

Note Working Draft, will be used in upcoming
multilateral retreat.

Not deal w/ it today, but gross matters,
Agreed
If agreed to, look at Man Com recommendations

Frabim

Amendment of Constit.

1.) If adoption 8 May, CA should
await silos of 73(3) - referral to
Panel if $\frac{2}{3}$ majority not
achieved.

2.) If C Court found final text did not
imply w/ 1 or more CPs, CA
would need some mechanisms to
deal w/ this, w/o running
fore of the IC.

Recommendation presented: approved by
Man Com.

Ramaphosa

Had cover situation of C Court after provisions of
constitution back to us to remedy whatever
flaws might be found.

Amendment 571 of Act 200 on pgs
47.

Hofmeyr

(2A)(b) queried - if is minor correction, do we need a "minimum period" or use "maximum period"

Some phrasing to say depending on the seriousness of the correction needed

Mosa

Say "within specified period" & delete rest - then would say depending on the nature,

Ramaphosa

but it's a poli. decision

Manzi

Court can't make such a decision. "Us" knows the problem.

Don't have pen ended. Let CC set the time.

Jordan

insert "after consultation w/ champions of the CA"

Ramaphosa

What if champion asks for 3 years?

period -

Cameron

Let CA decide period
Set a maximum period.

Ramaphosa

Cameron

We can amend the time frame if is too tight.

Lylin

Nothing binding us about what will happen if court refers it back.

Only body w/ can be sovereign here
CA.

Shd be silence on time & CA decide its own timetable.

de Lange

This problematic, b/c is part of whole process.
If period unspecified, various provisions might fall away & wd create void.
Say no more than 3 months or 6 months.
Court could specify w/in that period.

Green

ACDP support max. period of 6 months, to be decided by CE.

Marius

(b) ^{text} draft

(c) "The Const. Assembly shall comply w/ the order of the court w/in ^{the period of} 3 months ~~of the order~~ ^{or within} ~~such extended period~~ ^{further} as decided by the Constitutional Assembly"

2nd option ^{of CA amending schedule} could be done by resolution.

[Agreed to.]

Levin

So CA wd make the decisions. What if can't get majority.

Rane

The procedure wd kick in again.

Jacob

Before finalis p. 47 consider:

(1) Not simply a question of court ordering CA to correct defect - CA doing this in a mechanical way.

Court wd give its reasons & there wd.

Jacobs

probably be various ways of resolving this.

So court won't order CA to do something & CA either does it or doesn't.

② What if CA can't agree amendments in such a way as to correct defects raised by court.

Shd say ① court should indicate its reasons when refuses back

② CA to amend draft

③ If it fails to do so w/in that period, sec. 73(3) kicks in again

So have a rounded, overall process.

du Toit

Agrees.

Suggests rest of (b) shouldn't be put in.

Let drafters put this text + (g) in /Domen.

Joni

Won't be so easy.

Introductory part of sec. 2A, in 2 circumstances, court asked to

certify:

1) 2/3 majority

2) a draft put to electorate in referendum.

Grove

If Yacob's amendment
Whole, section wd need to be amended.

Yacob

Consign some people to a back room, order
them to do it, & see how long it takes.

Ramaphosa

Yes
Remember

Amendment of s 73 :

Recall need to allow for deadlock
making mechanism.

Grove

Mistake - Amend [subsection (1)]
[subsection (2)]

Yacob

Look at it as holistic; e.g: 73(a) - perhaps
it should be limited
otherwise danger, President forced to call
election if not passed by 2/3 majority at
this stage.
Amend it overall.

V. Breda

Reading amendment as an "ordinary
honest soul". MC understood
(3) ; refers to subsections (1) & (2).
(1) re CA passing text in 2 yrs.
Understood, in event that CA failed to
complete its work w/ in 2 yrs.,
This amendment would cover that
as well, as a safety valve.

Queries:

If final draft hasn't been concluded by
lapse of 2 yrs, is there a safety
valve?

Ramaphosa

That's precisely what trying to address. Experts
wd include this in their proposal.

Grove

wd say (1) + (2) - covers it.

Released experts to go draft.

Eglin

Are we saying you fall outside 2 yrs. What
happens to our timetable?

Ramaphosa

Thought - extending it by a month or so.
8 May if fail to get 2/3, then 30 days
for experts - within that 30 days
try to resolve problems.

Jacob

Will say
Panel given 30 days. No delay b/t when
Panel submits draft & CA approves it.
Assumes wd be approved. If not -
referendum.

Only area of delay: if CA sits on Panel
draft for a yr., or Admin. delay.

Eglin

Let Panel take note - we go beyond the 2
yrs, no formal time definition. As a void.
& we should decide whether we accept
their coming agreement or not.

Pahad

How long will Panel need?

Wessels:

v Breda: more on fact, what wd be poss.
if we do reach agreement by 8 May but

Wissels

needed time to polish it Technically. This amendment wd. allow that

2) Eglin: There shouldn't be a difficulty. Once CA spoke, & did not get 2/3 majority, Panelists kick in.

He ought to compel politicians to consider Paul's draft w/in one week, unless want to open it up for a whole round of negotiations, w/ we don't intend.

Eglin Rona

Eglin's pt. about per period valid.

Yarob

Only 2 time periods CA can control ^{time} period
* Oblige CA to pass const. overall w/in a specified period or
* Pass it for purposes of referendum w/in a specified period

~~Can't predict how long court will take~~

After this, CA w/ little control over time period.

Ramaphosa

Release Yarob + Grov
to return at 12h00

Process of Adoption: p. 42-43

v. Breda

Re amendment of Constitution on 29 March
Concerned that quorum - 2/3 support for amendment might not happen.

Wissels

Officially begins 4 April

Ranaphosa

No, Paula. adjourns Thurs 28 March

Shus Met people sd be available on
29 March. No one should have.

Meeting cd be 9h00, so people
cd have early.

CA to

~~Send~~ out official note to all Whips
re. meeting starting at 09h00, +
~~send~~

Rana

Agreed, notice to be sent out to all
Whips

Panda

Let there be a note to all members,
detailing matter concerned +
highlighting its significance.

Ranaphosa

Agreed, that will be done.

Process of Adoption pp. 42

Israhim

CA Rules require 7 stage
procedure.

Israhim

Concern w/ changing combined houses
into committee.

But CA work has been done in
committee + little new.

7.3.3: provisional time table.

Lorshin

Introduced proposal set out in ps 7.3

Need resolution setting out the process to be presented to CA on 29/3 to amend rules to reflect the agreement.

Language matters: hope to have in all 11 languages in text; but bc of time problems of translation let procedure occur in English - e.g. order paper.

Then final text as approved in all 11 lang.

Eglin

1) 2nd stage

Re 7.3.5(3): right to look at whole of text by 18. Let amendments come in blocks according to blocks of discussion in CA.

Allow elasticity

(2) if parties don't have formal amendment, crisis needs to adjust texts.

Allow flexibility.

Lichtenfeld

There is provision that amendment not in order paper can be ~~made~~ ^{presented} by person moving the Bill.

Why not: amendments:

(1) In by 22nd

(2) But Eglin's pt. valid, as go thru debate, nothing stops someone

Ramaphosa

from proposing amendment. If not passed
in the floor ed be referred to the
committee

Hjmeiz

Spell out more clearly 7.3.5(4)
Understood, we not have a // process - CC to sit
at same time & evening after to see if can
process & reach agreement on amendments.

Day for deadline 4 days before a matter debated

Ramaphosa

Final text would differ substantially from others.
Let amendments be presented on 22
During course of debate, may be other amendments
that people can propose - that could be
taken up by CC.

Hjmeiz

But, need to set aside time for CC to meet, as
well.

Yes, can't have CA meet from 10h00 - 13h00.

~~Ramaphosa~~
Abraham

Flexibility in days for MC - CA can
adjourn, & CC be convened for a few
hours. So that allow room there.

de Lange

Amend Stage 1, 2(1)(2)(3)
in CA & 2(4) in CC

Only have date for 2(3). Need dates
for 2(1) & (2)

Ramaphosa

Look at p. 43 // Stage 1 22 April

Stage 2

de Lange

When deal w/ (4)? Parallel? Or in adjournment?

Ramaphosa

Yes.

Wessel

CC process will be less formal. CA rules not need to be stipulated + more formal. do CC cd meet in b/t

de Lange

Working in para, problematic, ~ "after"

Rama

No simultaneous.

de Lange

Where wd amendment to rules be drafted?

Rama

Amendment to rules to be drafted

Likierfeld

Resolutions w/
Very specific rule changes not be put b/f MC/^{in this} or CA reflecting the decisions here, as approved by the Chairpersons.

Lylin

8.5.
7.4 Need to say what CC will do, insert that CC wd consider the amendments H/g of the debates ^{in the CA} ~~here~~ + produce a final ~~class~~ ^{text} on these amendments.

Rama

Can easily be added

Wessel

What isn't stipulated is that CC wd report

back before 3rd stage.

v Breda

M Comm proposal differentiated 1st, extended 2nd & 3rd stage. 2nd wd be principles, + 3rd in clauses.

7.3.3. says 1st stage, rest of time almost exclusively for 2nd stage. Only on 8 May to 3rd stage = final adoption.

Eliminate 2nd reading stage in constitution in general.

Can't agree to this w/o discussions in depth.

Need to look at Rules.

Concern that doc. only distributed this a.m.

Ramaphosa

May need to properly synchronise 7.3.3. w/ the actual schedule, w/ is in line w/ what Mr. v. Breda said.

Asked him to look at ~~the~~ ~~actual~~ ~~for~~ ~~stages~~

22-28 May

Invites him to look at that.

Wessel

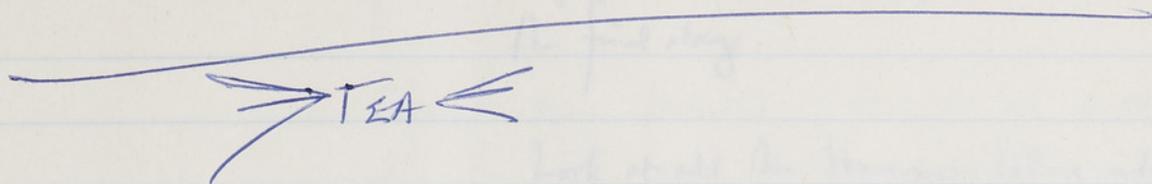

5 complete days + 1 open day reserved after the 2nd stage.

de Beer

Omission Ch. 13 . Insert 6 May.

Ramaphosa

Ruled Yes.

Marais

NP suggest

Need more time to study timetable
Create another oppor. to discuss this, not later
than tomorrow.

Agree need more time. Need to apply
minds to what is involved, + core stages.

How many days for each process.

Gordhan

Final stage / long process - structure
negotiation part so facilitates
adoption process.

Ramaphosa

Now looking at how will adopt in this
final stage. It is that new things will
be more table.

Eylin

Focus needs to be given - Likierfeld's analysis of
needs.

Clear path - now for committee stage
W'd that occur in CA or in CC on behalf of
CA.

Ramaphosa

Debates in CA, previously, were referred to CC for further discussion, * further amendments etc. happened in the CC.
Proposed we continue that practice in this the final stage.

Look at all this tomorrow, taking into account what Gordon said.

* Deal w/ Amendments in tomorrow meeting. Paul will outline everything in writing to help
- consider amendment to Constit.
- draft resolutions on amending rules

* Let CC delegate decision making powers to MC to meet at 15h00-16h00 tomorrow + Sub Comm to begin at 16h00.

* Extended Man Comm - could have additional members of parties if so wish who cd. assist.

* To finish document to be presented to CA 29 March

* 29 March to convene CA at 09h00 to deal w/ procedural aspects. Won't go into substantial issues.

Whips + CA men. to forward note stressing imp. of the meeting

Ramphos

Gordhan

Full agreement; only rule 54 fine tune procedural matters.
Only outstanding matter 10% 58A(2)

Andrew

Concern: special delegates - provinces, NCOB will
have its own work; spec. delegates will have to do
full work as members of prov. exec or legisla.
They be unworkable.

Ramaphosa

Take concern on board, Gordhan to examine this +
report back.

Godhan

Requires further formulation to take account of dis.
is all likely to be inserted in 5th draft.

164(2) requires further discussion
insert 164(3) on prov. legislation
to give provinces capacity to deal w/

insert
165 Developmental duties of ...
Requires some changes.

166/167 local govt as separate sphere, but
w/in framework in some cases of nat'l &
prov. powers, so w/ some delegated powers.

168B

Outstanding issue: rather people paying rates and
get right to vote

168C some adjustments re local govt
making some arrangements.

168D is this required? Expect to look into.

168F

1886; role of local govt delegation in NCP

So likely to see more comprehensive draft +
will impact on final draft.

Ronayhosa

Broad general agreement, but work in Prog.

de Lange

Prv. exec competencies: broad agreement but
Waiting for final draft.
