Dear dr Eloff

INTERIM CONSTITUTION : ADMINISTRATION OF JUSTICE

I refer to my letter of 10 August 1993 and my subsequent discussions with mr Zam Titus on Monday 6 September 1993.

We have since then received and considered the twelfth report of the technical committee on constitutional issues. We have after consultation with the Association of Law Societies, NADEL, the BLA, the chief justice and other members of the judiciary, decided to request you to facilitate a meeting with the technical committee on constitutional issues as envisaged in my discussions with mr Titus. Our proposal is as follows :

- 1 A meeting as soon as possible on the Witwatersrand on a Saturday or Sunday.
- 2 We suggest that the meeting be attended by the technical committee on constitutional issues and representatives of
 - the GCB
 - the Association of Law Societies
 - NADEL
 - the BLA
 - selected members of the judiciary.

The GCB, the Association of Law Societies and individual judges have already indicated their support for the proposal. We are still awaiting the response of NADEL and the BLA.

- 3 We would suggest that the meeting be in the nature of a briefing session. Its primary purpose would accordingly be for the technical committee to share with the meeting, its thinking behind the proposals put forward in its twelfth report.
- 4 We have in mind an informal, "off the record" discussion.

Would you please urgently consider our request. I would only be too happy to meet with you or any other members of the planning committee to discuss and develop our proposal. Would you please let me know at your earliest convenience when such a meeting could be arranged.

Yours sincerely

Dear Adv Trengove

I refer to your letters faxed to me on 7 October 1993. I was in Cape Town on Friday and could unfortunately only respond today. Some of your requests had already been adhered to. We have also received your comment on the Tenth Progress Report of the Technical Committee today. This has already been distributed to the Committee and will also be given to the Ad-hoc Committee.

The Ad-hoc Committee will meet again on Tuesday 12 October 1993 and will undoubtedly take serious note of your comments.

The Negotiating Council had had a preliminary discussion on the Tenth Report on Thursday 7 October 1993. The issues of the Property Clause and Customary Law had not been agreed to, as well as a few other smaller issues. These will be dealt with later this week, depending on how the raids by the SADF in Umtata will be handled by the Negotiating Council. The Draft Chapter will then be put to the Negotiating Council in its entirety.

I hope that you will find this in order.

Yours sincerely

Dear Dr Eloff

TWELFTH REPORT OF THE TECHNICAL COMMITTEE ON CONSTITUTIONAL ISSUES

I refer to my meeting with your Messrs Titus and Eglin on Tuesday 28 September 1993.

They indicated that the general feeling on the planning committee was that, once we had submitted written representations on the twelfth report, it would be appropriate to arrange a meeting of some kind to give us an opportunity to put our case. They suggested that it could be done by permitting us to appear before the Negotiating Council to present our report.

We have now submitted written representations. Our report was delivered to you on Monday 4 October 1993. You will see that, in the last paragraph of our report, we took up the suggestion of Messrs Titus and Eglin, and requested an opportunity to appear before the Negotiating Council to present our report and deal with such issues as might arise from it.

Could you please arrange for us to appear before the Negotiating Council for that purpose. We would appreciate it if the arrangements could be made at your earliest convenience so that we could have as much notice as possible to enable us to prepare for the occasion.

Yours sincerely

Dear Dr Eloff

TENTH REPORT OF THE TECHNICAL COMMITTEE ON FUNDAMENTAL HUMAN RIGHTS

I refer to my meeting with your Messrs Titus and Eglin on Tuesday 28 September 1993.

They promised on that occasion that the next report of the Technical Committee on Fundamental Human Rights would be copied to us on publication for our comment. We emphasised that we were very anxious to have an opportunity to consider and comment on the report.

We have just learned to our consternation that the tenth report of the Technical Committee on Fundamental Human Rights was recently published and is indeed already being debated today. We deplore the fact that you have not submitted the report to us for comment on publication as Messrs Titus and Eglin had promised you would do.

Could you please immediately let us have a copy of the report and inform us of the progress of the Negotiating Council debate on it.

Yours sincerely
