Ms Sandy Hutchings
MULTI PARTY CONFERENCE
ADMINISTRATION
World Trade Centre
Kempton Park
1619

FAX NO.: (011) 397-2211

Dear Ms. Hutchings,
COPIES OF MULTI-PARTY CONFERENCE DOCUMENTATION.

Many thanks for your time when I visited you and Busi Mthethwa at the World Trade Centre last week. Also for your help in setting up arrangements so that we can provide photocopies of the MPC Documentation to the major Private Sector Organisations who are our clients. These include major national organisations such as the SA Landbou-Unie, The Association of Law Societies, The Life Offices Association and others who have to monitor and respond to events on behalf of their constituents at national level.

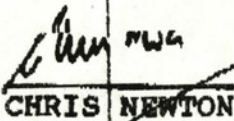

I confirm our discussion that our associates in Randburg, Messrs Stock Press, would arrange to send their messenger or courier on a weekly basis on Thursday or Friday each week. He is to ask for Ms. Mthethwa on the understanding that she will then kindly give him two copies of each document issued during the week. One set of documents will remain with Stock Press in Johannesburg and they will send the others by courier to us in Cape Town. This will put us in a position to respond to requests for photocopies of the actual documents both in Cape Town and Johannesburg.

I believe this arrangement can make a useful contribution to inform the Private Sector Organisations in SA more accurately on MPC outputs.

It may also be that this arrangement by which we can then easily provide photocopies of the documents on file at Randburg and Cape Town, could be helpful to others who might also be looking for copies. Both Legi-Link and Stock Press are specialist information services geared to handle such requests efficiently. I will be only too happy to assist if you would like to refer casual enquiries for document copies to us.

With many thanks for your assistance both to yourself and Ms. Mthethwa.

Yours sincerely

~~CHRIS NEWTON~~
