We note the Committee's Third Report and Seventh Draft Bill and are in general agreement with the amendments which were made to the Sixth Draft of the IMC Bill.

We are appreciative of the attention given to the suggestions made in our Memorandum of the 31st May 1993.

Paragraph 4.8 of the Third Report indicates that budgetary limitations may be placed on political parties in terms of the Independent Electoral Commission Act. We would suggest that consideration be given to including a budgetary limitation on advertising on sound broadcasting services in the IMC Bill in order to ensure that there is no misunderstanding regarding this matter.
