Att: Ms Olive Khosa
The Multiparty Negotiating Process
Committee on Independent Media

Fax #: 397-2211

Dear Ms Khosa

Committee on Independent Media

On 21 May 1993 the National Association of Broadcasters requested the opportunity to comment on final proposals or draft legislation put forward by the Commission. We respectfully urge you to accede to this request.

The NAB believes it is of critical importance to participate in the process. We appreciate the time constraints under which the Committee has had to complete its task. Nevertheless, any proposals regarding broadcasting legislation will in our view benefit from professional comment and input, which the NAB undertakes to submit at short notice.

Naturally the entire matter will be handled in the utmost confidence as a matter strictly between the NAB and the technical committee.

We look forward to hearing from you in this regard.

Yours sincerely

STAN KATZ
CHAIRMAN
