Attn: Chairperson and Secretary

Dear Sirs

Your letter which you faxed on 14 May 1992, was put before a meeting of the Management Committee of CODESA on 1 June 1992.

The Management Committee noted the concerns raised in this letter. The Management Committee, in the light of the series of consultations that led to the constitution of the CODESA participants in 1991, while mindful of the gravity of the questions raised by your Committee, has, however, decided that at this stage of the CODESA process it is not possible to visit the question of the credentials of the full participants to the CODESA process.

We thank you for bringing your concerns to the attention of the CODESA Management Committee.

Yours sincerely

S.S. van der Merwe & M. Maharaj
