Dear Sirs

The Plight of the ANC Returned Exiles was ignored by Codesa II despite assurances having been given by Mr Dave Dalling the Chairman of WG1, that the matter would be considered by Working Group 1 of Codesa.

The murder of Mr Bongani Ntshngase, one of our active committee members, and a dear friend, yesterday at Msinga, Natal has caused my Committee to gain an urgency to address the injustices suffered by former ANC detainees. Of particular concern is the matter of the return of our comrades bodies, where they lie buried in foreign lands in mass graves, without the benefit of a proper Christian burial.

With the implementation of diplomatic relations between Angola and South Africa, we appeal to you to assist us to recover our dead brothers bodies so that they may return home to rest near their loved ones.

Yours sincerely

PAT. HLONGWANE.
