

Counting Station - Civic Centre Podium

Enclosed are:

1. Final tallies for both stations (A+B) for National + Provincial
Summary Sheet for station

2. Batch tallies.

There were 2 stations - A and B.

Each counted Provincial and National.

The C.O were concerned that counters should not know which polling station the batch had come from. Also, many batches (of ± 3000 each) ~~was~~ were mixed-combined a number of smaller stations/special voting days etc
 \Rightarrow It was difficult to get a clear sense of how each area/polling station voted.

We were able to get a clear picture of which stations were counted in each batch - written in red on the top of the sheet. (Some were missed in the pressure!)

These can be interpreted to give some idea of trends for future.

IRREGULARITIES

- None major - Counting station functioned relatively smoothly
- Reconciliation - a number of errors were detected in POs reports - corrected + forms filled in (reconciled with stubs)
- Counting - we had to intervene to insist that ~~IFF be~~ Ballots without IFF sticker be counted separately as "Irregular Valid"

REGION: Western Cape

Remember, any region which gets in all the results for all its counting stations will receive R10 000 for its election budget
