CONFERENCE CENTRE

Johannesburg and the Witwatersrand now have a professionally managed, committed business conference venue situated at the hub of the most active business area in Southern Africa.

This is not just a conference venue but rather a total service to the business community. The impressive variety of services detailed elsewhere in this brochure will ensure an event of excellence with all aspects professionally handled by our experienced staff.

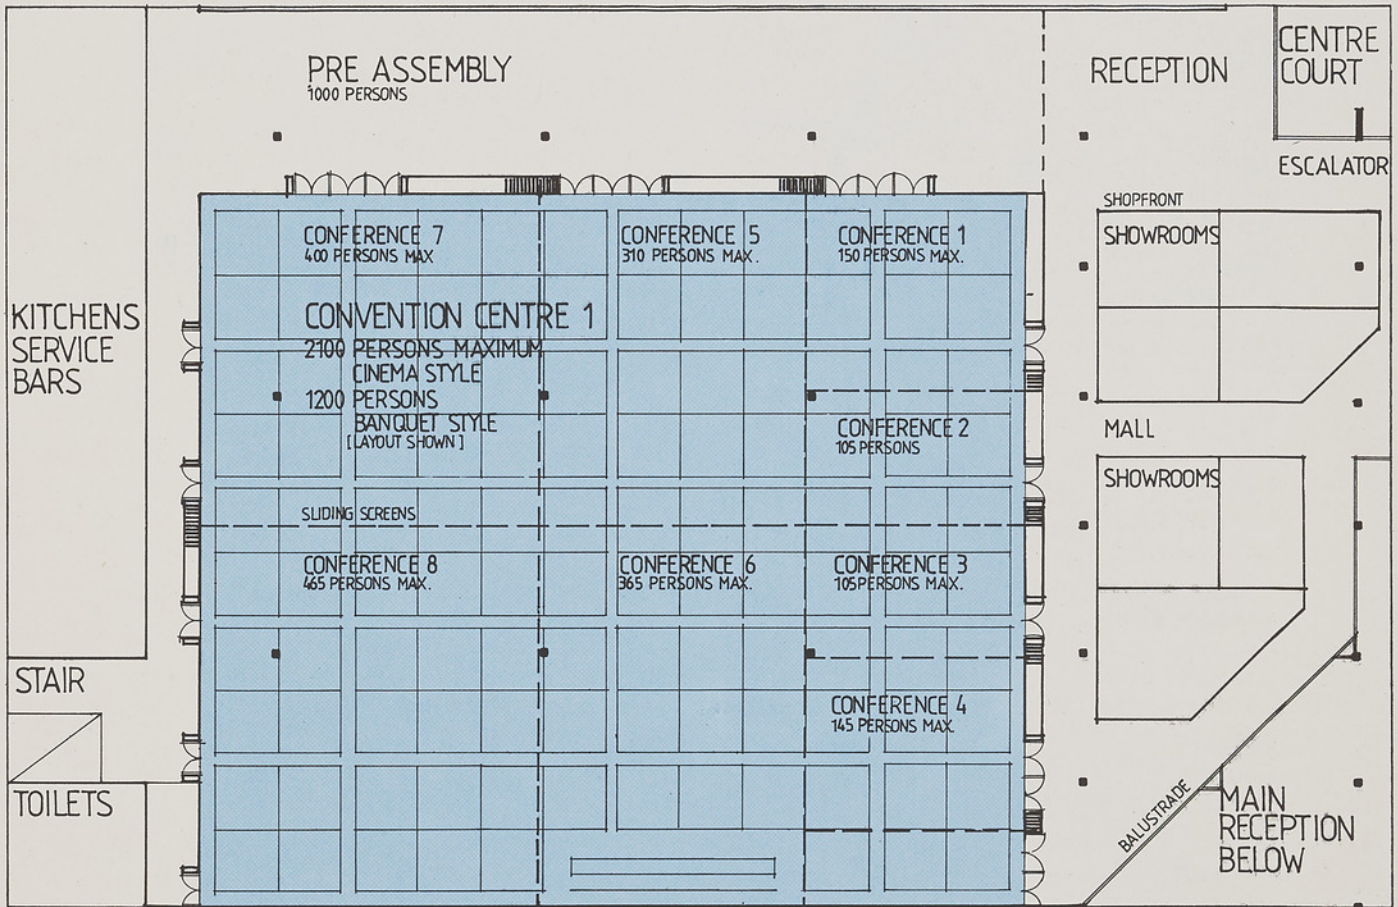

For the first time the Witwatersrand area will be served by a venue capable of seating up to 1 400 delegates in one room. This first phase will be sited in a dedicated conference building adjacent to the World Trade Centre main Mart building. It will be opened for business on May 1st, 1988.

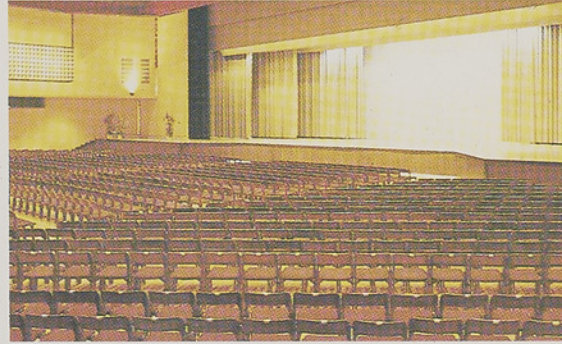

The next phase will allow for an additional 2 400 delegates to be accommodated in one conference venue located in the heart of the main World Trade Centre Mart building. This phase will open on October 1st, 1988 permitting up to 2 400 delegates to be accommodated in rooms seating from 50 up to 2 400 attendees.

PRODUCT LAUNCHES

A notable feature of the conference centre will be the outstanding facilities available for product launches.

In particular the Centre Court of the main Mart building provides 700 square metres of double volume space to accommodate the most demanding requirements.

CONFERENCE SERVICES

PalExpo will offer the widest spectrum of services to business from simply making the venue available, to organising every detail of a conference or product launch for the client.

The following services are indicative of PalExpo's commitment to your successful conference:

Accommodation:

In association with South Africa's major hotel groups PalExpo can offer a variety of travel and accommodation packages at special group rates. The conference venue is close to all the hotels in the vicinity of Jan Smuts airport and shuttle transport to and from the conference centre is included in the package if required.

Catering:

Simple or intricate, breakfasts to five star gala banquets can be incorporated at the conference centre or one of the associated hotels as part of the package. PalExpo can even assist in supplying keynote speakers of renown for plenary sessions.

Meetings:

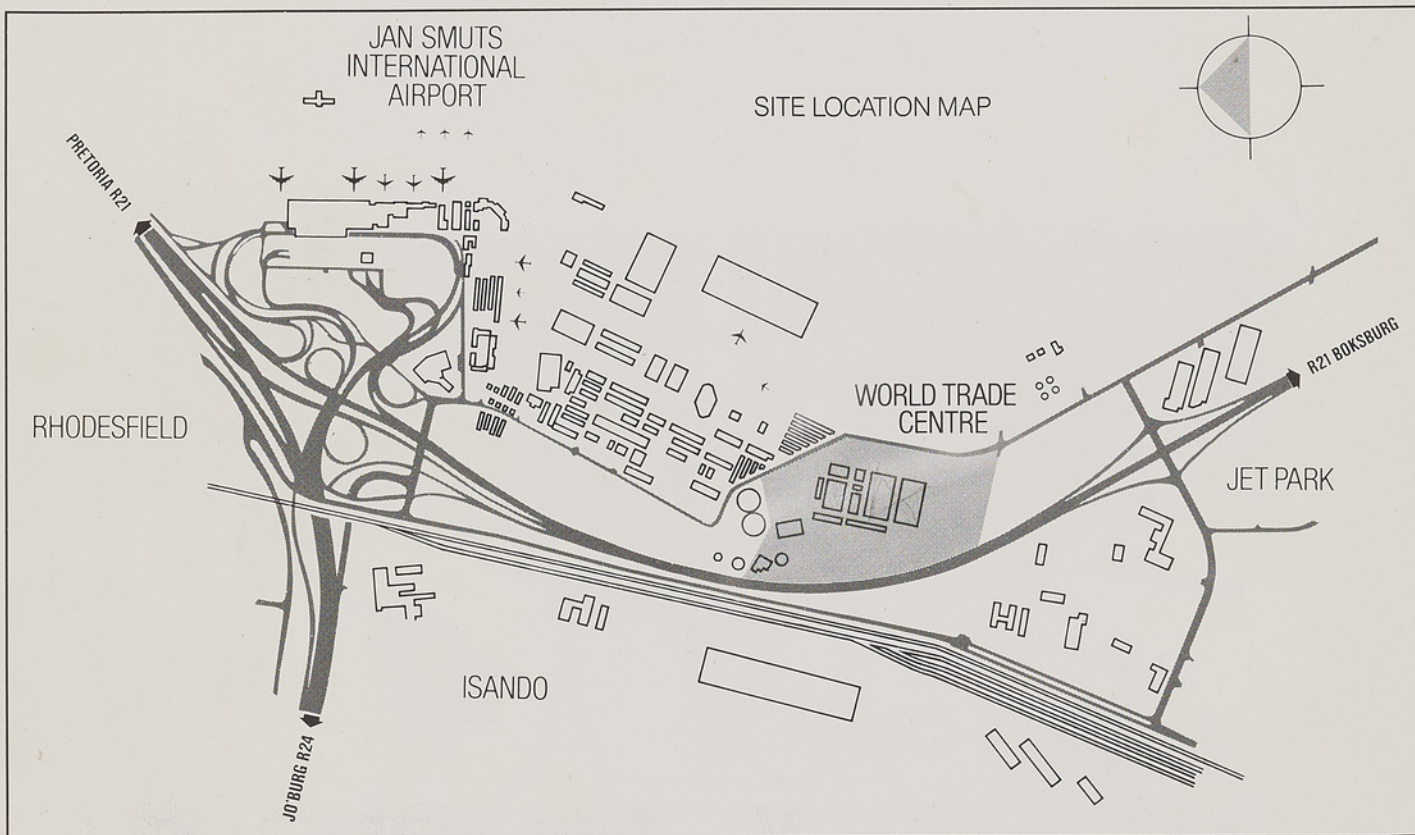

A variety of different sized rooms with any required facilities can be tailored to suit specific needs. PalExpo will assist with setting up product launches, workshops, lectures, seminars, training and special speakers and presenters.

Equipment:

The A to Z of equipment can be requested from flip charts to TV monitors, photocopiers to telefax, platforms to ramps, spotlights to public address systems, typewriters to trolleys and personal computers to overhead projectors.

Services:

To name a few — name badges, computer registration facilities, copywriting, delegate folders, floral arrangements, publicity, photography, porters, printing brochures and papers, registration and administration staff, special decorations, transcription services, VIP services and anything else required.
