Dear Teuns,

Dr Zach de Beer has suggested I write to you to request that Connex Travel be added to the list of Codesa approved travel agents.

The reason is quite simple. About a third of the members of the working groups are members of Parliament and a branch of Connex is situated in the Parliamentary complex. Our lives would be made a great deal easier therefore if we could obtain our air tickets from the office close to where many of us are situated.

I would be grateful if this suggestion could be considered.

With kind regards,

Yours sincerely,

PETER SOAL
