Dear Ms Janet

We refer to your telephonic discussion with Meryl Federl of our library and our letter of 23rd January.

We have as yet not had any indication as to whether you would like to take out membership.

We believe that it is in your best interests to have access to our publications, which afford an insight into some of the dynamics of South Africa's present confusing political situation.

We look forward keenly to hearing from you. In the event that your management has changed, please feel free to contact the writer, and we will be only too pleased to call on you.

Yours sincerely

Catherine Brazer
