i- Dr. Hija Siyadabwa
H 20 Nyanya Location
Philippine.

This man has been under
treatment here on our side
26.11.59, when he had the first
of numerous bouts of haemoptysis.
He was referred to the anti-
tubercular clinic at Philippine,
and for radiological examination
to the D. Stals Sanatorium. On
the basis of these X-ray findings,
he was put onto the routine
