Because political parties seem to be having difficulty in making room for women in their representations, the WOMEN'S BUREAU OF SOUTH AFRICA urges you to take action to ensure women's potential contribution to CODESA and to the future of South Africa is not lost.

We recommend that you do this through the WOMEN'S NATIONAL COALITION and the WOMEN'S BUREAU - South Africa's widest linking bodies bringing together the variety of women's organisations of all races.

Just as churches and business organisations believe they must make their own special contribution individual women and women's organisations that may not be politically affiliated have a valuable contribution to make.

We have names of members serving on both the COALITION and the BUREAU we would be happy to recommend with confidence and we would make all our facilities available to you.

All good wishes

Dear Dr de Beer,

Thank you very much indeed for your prompt reply to my request of 14 January 1992.

Unfortunately I have not heard from Dr Theuns Eloff and it would be appreciated if this could be followed up.

We have in mind such women as Professor Gretchen Carpenter, top women constitutional lawyer with UNISA, Dawn Makhobe of Anglo American (now in mind for GRCOM) who would be useful on your TBYE committee, Marina Naponya (a member of the State Ministers Council, Ad Hoc Commission and the Board of the SAOC), Tiny Mabilela, Project Manager Human Resource Development, National Productivity Institute, Advocate Francis Bosman, The Family Advocate, Professor Joan Church, Black Family Law UNISA, Judge Leonora van der Heever, Helen Susman and others of their calibre.

With kind regards

Margaret Lessing

The Women's Bureau of South Africa
FAX NO. 012 -476-176

Dear Mrs. Lessing,

Thank you for your message of the 14th January. The Management Committee of Codesa is very anxious to enhance the participation by women in Codesa activities.

Your Bureau, not being a political organisation, would not qualify for membership of Codesa itself. However, we would strongly encourage the presentation by your Bureau of representations to one or other of Codesa's Working Groups. I am sending your fax, together with this one, to Dr. Theuns Eloff who directs the secretarial function at Codesa and will ask him to be in touch with you.

Kind regards,

Very sincerely,

Zach De Beer
