Dear Mr Morobe

Thank you for your letter dated 3 March 1992. We are disappointed that your reply to our request for a meeting with CODESA came too late for us to submit any written representation in time for the closing date of 2 March, as we were awaiting the outcome of our request.

We do understand that the Chinese Association of South Africa is not a political party, and the Chinese South Africans are too few to exert any major influence on developments. Nevertheless, the Community is vitally interested in all the processes at hand, and will continue to follow the progress of CODESA with a great deal of anticipation.

If there is any opportunity for us to add to the processes of CODESA, please let us know. We would for example, be pleased if the Association could be present as an observer during CODESA 2.

Yours sincerely

RODNEY MAN
