Friday - 9. a.m.

Dear Mr. Aarons,

I have just spoken to Capt. Rossouw telephonically - it was rather frustrating as I couldn't let myself go. I however did say that I omitted to tell him previously that I had another son who was going to undergo a very serious open heart operation etc. The upshot is that he advised me that there is "a hope that he will be out before Xmas". I am to phone him again next week - i.e. Friday. That is all.

Sincerely,

Ray E.
