

COMMUNITY LIAISON

MEMORANDUM

TO : **EDWARD SHALALA**
Head of Department

FROM : **WAYNE MORRIS**

DATE : **27 OCTOBER 1995**

RE : **IDS**

Due to apparent inconsistencies of billing, an investigation into the IDS accounts was launched. Certain clarities were required on a number of the accounts and although the IDS response to our queries were less than prompt, it appears that their billing is legitimate.

Some areas queried included:

- Flight costs - inconsistencies in flight costs were often due to the rapped changes in programme required by our Operations.
- Sound System costs - these varied depending on the size of venue (number of speakers required / employees)
