My name is Headman Velemba and I  
was born here in Cape Town at about  
1943 and I am now 20 years old and  
unmarried. I was arrested at the place  
of employment Kingsbury Hotel Sea Point  
on the 8th March 1963 and I was  
sent to Bellville and I was shown a  
black book in which they said  
I joined Pogo at the Jewish Home; well  
I told them that I don't know nothing  
about Pogo. To my knowledge the black  
book was where we wrote our subscriptions  
for a football club.  
Well as far as Pogo is concerned I don't  
know anything about Pogo.
