

ATTENTION: SEEMAC

Here is a list of delegates whose personalised copies of the CODESA transcripts should be sent to them at the physical addresses of their party offices, or, where a postal address is given, sent to the parties via priority mail. (Please enclose a slip asking the party to distribute the documents to the relevant people.)

Names which are indicated with an asterisk (*) correspond to "problem names" from the list which Mandy has on diskette. It seems to us that the solution is to give the copies to their parties for distribution. Thus, please remove the names from the other list in order to avoid duplicates.
