Dear Dr Eloff

As a result of numerous enquiries and complaints that we have received from various Codesa delegates I wish to submit the following request, please.

It would be greatly appreciated if Connex Travel could be assigned as an approved Code Travel Agency to assist delegates with their travel arrangements.

We are a registered IATA travel agency with automated ticketing facilities and can provide Codesa delegates with a professional and comprehensive travel service from our premises near the House of Parliament.

I express the hope that this request will receive your favourable consideration as delegates will benefit from the convenience of having their travel needs satisfied by our conveniently located office.

Yours sincerely

C. Napier
