PRESS STATEMENT ISSUED BY THE CODESA MEDIA AND COMMUNICATION SUB COMMITTEE

### CODESA LOGO

The logo of the Convention for a Democratic South Africa symbolises the dawn of a new era in South Africa's history. This is represented by the rays of the rising sun against a bright yellow and red background. CODESA is written across the face of the logo in blue. The symbol of the rising sun is seen as neutral and acceptable to the diverse political groupings represented at CODESA.

The brief for the logo was given to the design company, Pentagram, by the CODESA Secretariat. In designing the logo, the following factors had to be taken into consideration:

- That South Africa is undergoing a process of change;
- That for the first time different parties and organisations, which had never co-operated before, are sitting down to negotiate a common future;
- That something new is being born out of the womb of the old;
- A bright future awaits the successful conclusion of the process;
- The majority of South Africans anxiously await the outcome of successful negotiations;
- The process is meant to be an inclusive one; and
- That the most preferred route for reaching decisions at CODESA is consensus.

This logo, therefore, symbolises hope, energy, light and life, all of which are necessary ingredients for the success of the future democratic and non racial South Africa which is envisaged.
