Corrections E. Magwath

In the first place this man it seems wrote one sentence in the beginning and catch another one in middle of my speeches so on, then make his own.  
3-5-59

1 The first one up to second full stop acting is correct. The second sentence from the is also correct - except word Europeans at the end it is coloured not Europeans.  
The rest right up to "Dingaan" The whole ~~the~~ sentence is wrong up to the word Dutch - white  
The word Dutch is misinterpreted & think is from the word Buller.  
In my speeches the word means all the Europeans.

2 5-7-59  
This one is nearly correct. There is nothing so bad.

3 11-10-59  
This is not so bad up to phrase "Under Rev. Qalanda ~~to do it~~ as leader who corresponded with Dr. Nkrumah." Even now I don't know who is Qalanda.  
Defiance Campaign in 1952.  
Matthews not for Cape Western for whole Cape.  
This is suppose to be when A.N.C. P.T.C. held conference at Klapfontein  
A.N.C. held another one at Madagaskar

...although there is ~~are~~ no other  
Mis~~s~~-translations the ~~speech~~ speech is not  
all in here.
