FAX TO : CODESA STEERING COMMITTEE

To whom it may concern

Several days before the CODESA 1 plenary session, I sent your offices a fax in which I requested that you approach the SABC on our behalf, to make available radio transcripts of news broadcasts during the Convention. Unfortunately, during the time when you would have responded, I was out of my office and I believe that your reply may have been lost due to unforeseen circumstances.

I would appreciate it if you could possibly fax me the contact number of the persons dealing with the media in the steering committee. We intend to continue to monitor SABC coverage of CODESA and therefore such contact will be valuable to us. I have included a copy of my original fax, as well as a document which we drew up in response to the SABC coverage of the Convention.

I apologise for any inconvenience which may have been caused by the loss of your original reply.

Thank you

Bronwyn Keene-Young
IBMN Coordinator
Witwatersrand Region

FRONT PAGE FAXED AGAIN AS REQUESTED.
SORRY ABOUT YET ANOTHER DELAY IN RESPONDING!
