Dear Sir

After collecting information from the Sowetan dated 10 February 1992 that you are inviting and encouraging South African interest groups, to make written submissions to the responsible working group on matters relevant to its items of reference. Our Association will be appreciated if you can send the full terms of reference for each working group on broad terms to our Association, so as to discuss them and send them back before the deadline day.

We would like to know for example whether the creation for free political participation under working group one deals with representation i.e. Citizenship, Elections, Voters and Electoral System or anything else.

I trust My request Will be favourably considered
and that any further information will be
replied to Our ASSOCIATION as soon as
possible.

Yours faithfully

M J Matgabatha (Mr)

General Secretary Matgabatha Civic ASSOCIATION
