Dear Mr Marobe

FACSIMILE TRANSMISSION

EASI-BIND - for Complete Creative Presentation.

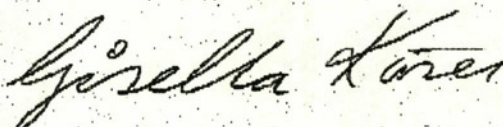

Thank you for your interest in the Easi-bind Presentation System. Transmitted with this facsimile message are the details of the full Easi-bind Product range.

- Easi-bind Perfect Binding covers for thermal binding - designed to accommodate from 3 to 400 pages.
- Easi-bind Courier Wallets - stylish flat presentation cover, suitable for accommodating individual loose pages, leaflets or brochures.
- Easi-bind Ring Binders with matching corporate identity, for loose document filing.
- Easi-bind Slimster Wallets which are designed to hold all the above. This new range is available in laminated board for one-off presentation, or durable Luxtuff for long term and constant usage.

Documents from 3 to 400 pages can be batch-bound in 35 seconds - providing a really cost effective process.

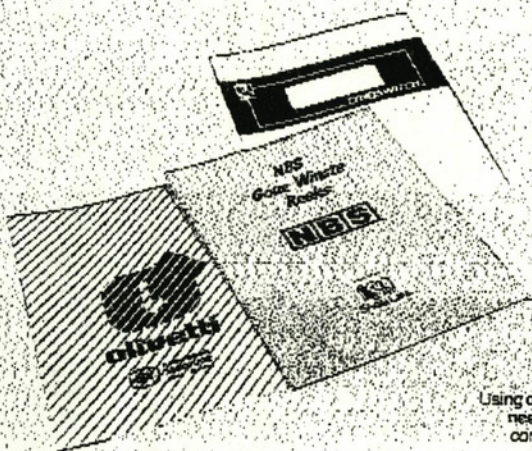

We will follow up this Facsimile shortly in the hope of showing you the System in more detail, but should you urgently require additional information, please call us.

Yours faithfully

GISELLA KASER (Miss)

From document binding to complete creative presentation

From document binding through to your company's total personalised presentation needs, Easi-bind can now fulfill your complete corporate presentation requirements, from design to delivery of finished product.

PERFECT BINDING

Using one of three available machines for different document binding needs, Easi-bind covers are designed for personalisation with corporate colours and logos, and can hold up to 400 pages.

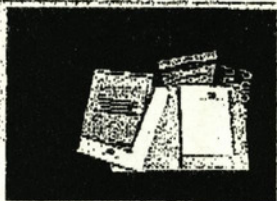

SLIMSTER WALLETS

A range of versatile carrying or storage cases providing maximum impact with creative corporate identity, available in laminated board or durable Lutuff in a range of sizes, with or without handles.

MASTERCOURIER WALLETS

Attractive and durable, suitable for presenting or storing loose leaf documents, these wallets are available in Lutuff or board in a variety of styles and your choice of corporate design.

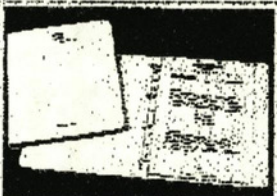

DATA BINDING

Computer documents, printouts and disks can be stored in tough but stylish Lutuff binders and wallets, carrying your company's corporate identity.

RING BINDING

Practical and attractive, Lutuff ringbinders are a suitable method for document filing, incorporating your company's identity.

SLIMSTER™

WALLETS

The Slimster Wallet range consists of versatile carrying or storage cases, suitable for varied applications, from presentation cases to storage packs, with a multitude of uses throughout all industries.

The exclusive and patented design permits –

- maximum presentation impact – with creative corporate identity
- maximum value – before folding, the Slimster Wallets are flat and therefore easy to deliver and store, and permit economical printing
- versatility – quick and easy to assemble

Slimster Wallets are available in two product ranges –

- a practical, low cost wallet, manufactured in laminated board, suitable for
 - new product launches
 - training applications
 - seminars
 - conventions
- a distinctive durable wallet made from tough and stylish imported Luxtuff, designed for many uses, including
 - long term document storage
 - operating instruction manuals
 - professional policy filing

Sizes from A5 to A1 with varying spine widths and material strengths are available with optional types of closures. Handles can be fitted if required. Large economical quantities can be ordered, allowing cost effective print runs, delivery when required, and only invoiced on despatch.

The Easi-bind Slimster Wallets are all designed to meet your creative corporate presentation needs, tailored to your company's special requirements.
