27th January 1992

Dear Sirs

I Reginald Kasaval and my band "The New Dimensions", hereby declare a desire and intention to record peace songs written by me as a tribute to Codesa.

The content of the songs serve to elicit the co-operation of all concerned South Africans towards a democratic new South Africa.

Some of the artists may include Brenda Fassie, Felicia Marrison and other renowned singers of our land. Further, new artists would also be given a chance to make a debut on the album.

I envisage a new surge of creativity in the music world with the launching of this said album.

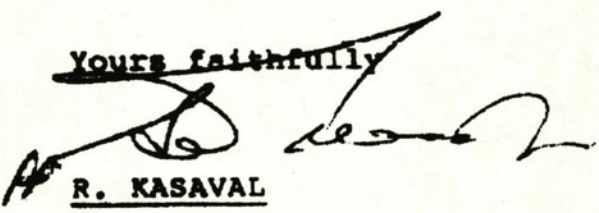

Permission is required for sole use of the Codesa logo (as it appears on the poster). The wording would be "A Tribute to Codesa".

The album will be recorded at Downtown Studios (formerly R.P.M.) and will be marketed and distributed by the E.M.I. Group.

Please be so kind as to reply to this letter by return fax at the following fax number 493-0201.

Trusting that this application would meet with your approval and blessings.

~~Yours faithfully~~

R. KASAVAL
