

COMMUNITY LIAISON DEPARTMENT**WEEKLY DEPARTMENTAL REPORT****REPORT NO. 21****20 JULY 1995**

-
- We have completed our planning for the next phase. All our arms of operation, namely the CEP, Public Sector Hearings and the Provincial operations (including the CPM mode of operation) have completed their planning for the next phase.
 - There is a joint Media-Community Liaison workshop that will take place on the 27th July 1995 to map out final plans and preparations for the next phase.
 - The CEP is running a series of workshops in the provinces to advance the work of the CA.
 - The only hiccup we have experienced so far in relation to the provincial co-ordinators running the workshops in the provinces is that already four of the co-ordinators have been involved in car accidents while on duty for the CA. Reports on these accidents have been forwarded to the Directorate.
 - An investigation will be carried out and the first step of our investigation is the Eastern Cape. Fran and Tom are setting off for East London and Port Elizabeth as a first leg of the Community Liaison investigation.
 - Edward and Wayne are on leave and will return next Wednesday (26th July).

- Justice Durie and Julia Hausermann's airfares were funded by the Commonwealth. Their accommodation, catering and transport in Cape Town will be covered by the CA.
- All staff that will be assisting will be briefed at 10h00 am on 28 July 1995.
- Research has been conducted around the issue of the government garage cars, we met Mr Freitag the Director of Government Garage in the Eastern Cape.
- We also had launched our investigation around this issue with Mrs Venitia Mostert of parliament and as well as Mrs Eakland - head of Government Garage in Cape Town (Head Office of the GG).
- Today (27 July) we are holding a joint Community Liaison / Media Department workshop to work out a joint programme for the Second Phase of the Public Participation Programme.
- We congratulate the members of the Directorate for their invaluable contribution and support they rendered to make our workshop a success.
