**REPORT OF THE SUB-COMMITTEE ON THE PARTICIPATION OF THE ZULU
KING AND TRADITIONAL LEADERS IN CODESA**

1. The Sub-committee met on Wednesday, 5 February at the World Trade Centre. The following persons were present :

T J Mohapi (Convenor)
F T Mdlalose
N J Mahlangu
N M Malekane (for M J Mahlangu)

2. **Procedure**

The sub-committee discussed the principle of participation by political parties/organisations/administrations, and also discussed the different applications by the Zulu King and traditional leaders (see Addendum A). Certain submissions were also taken note of.

3. **Recommendations**

- 3.1 Recognising that participation in Codesa is primarily the prerogative of political parties, organisations and administrations, but in view of the important role played by hereditary leaders in the country's history and in the present day, it is recommended to the Management Committee that in addition to political parties/organisations/administrations, hereditary leaders be allowed to participate fully in Codesa.
- 3.2 This applies to the following :
- 3.2.1 The Zulu King should be allowed full participation in Codesa through his own delegation.
- 3.2.2 With regard to other senior hereditary leaders, it is recommended that one delegation per region, headed by one senior hereditary leader in a specific region (i.e. the self governing territories and TBVC states), should be allowed full participation in Codesa. The composition of these delegations should be determined and submitted by the authorities in the regions.
- 3.3 It is recommended that the Management Committee requests the present administrations in these regions to make all efforts to be even handed in the composition of each delegation, for it to be as broad as possible.
- 3.4 It is recommended that the above delegations should be invited to join the Management Committee and the Working Groups immediately with full participation of delegates and advisers. This also applies with regard to participation in Codesa 2.
- 3.5 With regard to the application of Contralesa and other formations of chiefs/magoshi/amakhosi it is recommended that in the light of the above decision, these leaders could be included in the delegation of hereditary leaders in each region.

4. **Conclusion**

It is hoped that through this report the sub-committee has fulfilled its task. Any new applications could be processed along these principles.

Dear Editor

CODESA is an important forum for finding a peaceful resolution to our country's problems and a way to a democratic South Africa.

By decision of the preparatory meeting which launched CODESA, it was agreed that only bona fide political parties/organisations and administrations should be accorded full participant status.

At the same time the organisers of CODESA wish to encourage the greatest possible participation by all interest groups from every walk of life. Provision has been made for all interest groups to make submissions to the five Working Groups of CODESA in order that these are taken into account in the deliberations of the Working Groups.

We wish to take this opportunity to invite and encourage South African interest groups to make written submissions to the responsible Working Group on matters relevant to its Terms of Reference.

The five Working Groups established by CODESA 1 are:

Working Group 1: According to its Terms of Reference it will be dealing with the following two issues:

- a) Creation of a climate for free political participation, and
- b) The role of the international community.

Working Group 3: Which is required to address the issue of Transitional Arrangements/Interim Governments/Transitional Authority.

Working Group 4: Dealing with the question of the future of the TVBC States (ie Transkei, Venda, Boputhatswana and Ciskei)

REQUEST FOR THE VENDA NATIONAL PARTY AT CODESA FORUM AS INDEPENDENT PARTICIPANT

1. Venda National Party is greatly encouraged by the progress achieved so far in the establishment of Codesa where a new South Africa which is non racial, democratic and just will be shaped.
2. Venda National Party is the only legitimate democratic elected Party which represent the aspiration of the majority of the citizens of Venda and the winner of not only the three consecutive general elections held during the period 1973 - 1988, but also organisers of Venda Independence in 1979, the position of which will in all probability require the attention of CODESA. On that note, Venda National Party express its willingness and support for the reincorporation of Venda into South Africa.
3. Venda National Party admit, there were mistakes made in the past by the previous Venda National Party Leadership in the Government which resulted in the handing over of the Government to soldiers. But Venda National Party as a Party during or after the coup never disband, it remain active and alive up to date, equally detemend to join other political negotiators in any forum such as CODESA for the shaping of the new South Africa.
4. THEREFORE :
 - 4.1 Venda National Party wish to express to CODESA Management Committee Chairperson its willingness to attend and participate in the CODESA deliberations. In the foregoing, Venda National Party wish to express its absolute support of THE DECLARATION OF INTENT already tables and signed at CODESA by other participants.

- 4.2 The first and second invitations to Venda were both specifically directed to the Government and none was so extended to the political Parties in Venda. We would like to stress the point that the Party in Venda is not the Government in power. And we would also like to suggest that the invitation procedure applied in South Africa be extended even to Venda or (TBVC) States namely: the conclusion of Government representatives as separate delegation from Parties representatives. It should be noted that some military Government are clinging to politics of exclusion.
- 4.3 It is our contention that a de-facto Government, however well-intended in the past, or however popularly supported, is not substitute for true democratic expression, in other words, those TBVC leaders not popularly elected (i.e. in the TBVC states) are morally obliged to consult their people through democratic procedures and mechanism measuring the consent of the Governed.

Venda National Party wish to submit to CODESA to consider peaceful and democratic means for the replacement of military Governments in the TBVC by democratic interim Governments.

APPLICATION FOR MEMBERSHIP : BATLOKOA CHIEFS' COUNCIL

CODESA I has proved to be a body that will enact legislation that will affect our lives diametrically. Chiefs have a special role to play in the administration of their people. Some chiefs have been specifically trained by institutions such as Pinagare School of Sons of Chiefs and Headmen. The knowledge thus acquired should be utilised in the future administration of our people.

It is for the above reasons that I feel my chiefs Council should be afforded the golden opportunity of participating at CODESA.
