PROPOSED MESSAGE TO BE READ BY CHAIRPERSON(S)
IN CONNECTION WITH MESSAGES FROM
VARIOUS LOCAL/INTERNATIONAL ORGANISATIONS

Several messages of support have been received by the CODESA office from various local and international organisations.

Among others, all the International Organisations represented here today have also made a statement of support for CODESA.

We regret that the Agenda and time constraints do not allow us to read these messages of encouragement and support.

However, we shall, as far as possible, find a place to announce the names of all organisations which have sent messages. We shall also ensure that CODESA's Media Section will release the text of messages to the press.

In the meantime, we take this opportunity to inform you that messages have been received from, amongst others, the following:

Joint Statement by International Observers of the first Meeting of CODESA:

Republic of Namibia

Chinese Association of South Africa

Embassy of the Republic of Hungary

The Liaison Group of National Anti-Apartheid Movements in the Countries of the European Community

Black Sash Natal Coastal Division
