Dear Comrade Alby,

Thanks very much for the document on Constitutional Proposals. We shall place it before the Working Committee and will decide how best to use it. I think the RC too will be interested.

We also received earlier on your draft on Discipline-resolving problems of Discipline - at RPC level. I find the document interesting and have decided to cut a stencil.

But I am not aware of any document on Justice unless you are speaking about the same document.

What about the document we requested you to produce summarising the RC Moral Code of Conduct.
