

MINUTES OF THE SECURITY COMMITTEE MEETING  
HELD ON 11 FEBRUARY 1992  
AT THE WTC

PRESENT:

- N. Pretorius
- G. Ramasadi
- J. Ntuli
- J. Venter
- R. Mampane
- R. Shaik
- M. Raphulu
- V. Ntsubane
- L. Nembambula

1. Security of Personnel Accommodation:  
The Operations Committee (OpCom) (Pretorius and Ramasadi) reported that it had become clear that the security personnel's accommodation should be secured/guarded at night. A night shift will be arranged for this purpose.
2. Issue of Firearms:  
Firearms had not been issued to the security team as anticipated because of constraints experienced by the supplier, namely the SAP. Some personnel had, however, brought their own arms with them. As this is a matter of urgency, Venter is to raise the matter of firearms for all personnel with the Commissioner of Police before the next meeting.
3. Stipend for Personnel:  
The matter of a stipend for security personnel has not been finalised. The OpCom is to make recommendations, in consultation with the personnel, to this committee which will then make a final proposal to the Secretariat.
4. Code of Conduct:  
The proposed code is before the Daily Management Committee; a decision is awaited. A broad-based code is currently operational.
5. Dress:  
The request for a dress code (grey trousers, etc.) had not been complied with by the personnel. The matter must be addressed in due course.
6. Intelligence:  
NIC/TIC and the ANC must each supply one person to make up the contingent for intelligence matters; the SAP has supplied one person. Shaik will make sure this happens.
7. Transport:  
The availability of transport for security personnel during rest days, shifts,

and leave days has not been resolved. This requires attention at the next meeting; OpCom will make proposals.

**8. Reporting:**

Certain problems have been experienced with the reporting of personnel at the beginning of the duty period, namely, arriving late, no letter of introduction from member organization, and substitution without notification. Every effort must be made to ensure that this does not happen with subsequent 'intakes' of personnel.
