Sirs,

Christian Greetings!

On behalf of the CHURCH ALLIANCE OF SOUTH AFRICA (CASA) which represents 9.5 million Christians across the broad spectrum of the S A Church Community, we the Executive Council wish to assure you and all the delegates at CODESA, of our fervent prayers in seeking God's blessing on all your deliberations.

Realizing the awesome responsibility that rests on each member, we respectfully wish to express our deep desire that we trust that the Judeo-Christian norms be upheld in any future constitution. This inter alia implies that while upholding the Christian principles, freedom of religion and worship be secured.

We regret to notice that in spite of our written communication informing CODESA'S working group of our desire to participate in any draft resolutions on human rights based on Biblical ethics, CASA has been overlooked and thus ignored the privilege of giving input into any draft constitution.

May we also respectfully express our deep concern in the composition of so-called "Church Leaders" in leading the devotions at Codesa, which allows for prayers to the ONE TRUE GOD as revealed through Jesus Christ and the worship of the gods of Islam and Hindus. Should we as a nation desire GOD'S blessing and approval upon SA'S future, we need to declare our allegiance to HIM!

Yours faithfully,

  
REV R M ENGELBRECHT  
EXECUTIVE DIRECTOR
