I will try to find someone from the NEC here to discuss the subject. Bearing in mind that I have already spent some time thinking on the matter, I hope to have something ready within a week.

P.S. I've been invited by the International Democratic Lawyers Association in Brussels to attend a Conference in New Delhi in September on the Indian Ocean as a Zone of Peace. I've asked them if I can present a paper representing the ANC's standpoint, though not necessarily speaking in the name of the ANC's Legal Group. Can you inform the S.G. and comrade Ted Pakane and get their views.

Dear Comrade Joe,

It is as well that you wrote to me, because this is the first information I have received that I was supposed to draft a Disciplinary Code. I vaguely recall someone having told me orally and in passing that I was going to be consulted, but when the consultation never materialised, I assumed that someone else had been approached.

I need to be briefed as fully as possible on what my task is. I will try to find someone from the NEC here to collaborate with me on the subject. Bearing in mind that I have already spent some time thinking on the matter, I hope to have something ready within a week.
