PRESS STATEMENT

Delegations representing the ANC/COSATU/SACP Alliance and the Bophuthatswana Government met on 20 November 1992 under the auspices of the National Peace Secretariat, at Kwa Maritane to discuss those issues which have led to misunderstanding and difference of perception.

Both delegations joined in a sincere endeavour to find a resolution of the difficult issues facing them. Both delegations accepted their respective responsibilities to play their full roles in achieving the objective of peace and stability.

To this end the delegations have drafted a brief statement of intent which is to be presented to their respective principals for consideration and possible further action.
