if ever released from their grass  
roots peasant cultures and  
natures embrace who knows  
what horsement of the apocalypse

a horseman out of a state  
lost in the vast map of

afrika gallop forth and no country  
however large or small could  
deny it entrance more dispell the  
pestilence left in its wake.

america.

today white Australian Australians  
churches of the message of new

being layed waste to same as  
the temple of mozes laws was  
rent when christianity as among  
us way of life being dreg  
and promise of the here after come  
about and would later see  
the temple layed waste to also,  
same as here we see sucked  
up in aftermath of outing putlers
