Dear Secretary

The Black Sash supports the ANC's proposal that a "Voice of Codesa" radio programme and weekly publications be introduced to inform the public about these crucial discussions. It is to be hoped that broadcasts will cover discussions in all five working groups and not just those of Group IV (concerned with the reincorporation of the TBVC states) as the reports of the proposal seem to imply.

At its National Conference in March, the Black Sash expressed its concern that so little information is forthcoming and called on Codesa to "make its proceedings public by carrying them in full on radio and TV".

Sincerely
