

Dear Nathan,

Just a little personal note of congratulations on your magnificent victory in the Election, and of good wishes for your Independence! What a wonderful period we are living in! And how fortunate I feel, through the lucky accident of being here in Maputo, to have been able to witness just a tiny bit of the great transformation and consolidation of your Party in the past few years.

Forward to further victories!  
 Long live the just struggles of the  
 oppressed peoples!

Albie
