Number: Here is what you must do:

- 1 Write down the name of the place being used for the voting station. For example: Community Hall, Stilbaai.

- 4 Enter the time you fill in the form. It has to be done at 10.30, 2.30 and close of voting.
- 5 Ask the presiding officer how many ballots have been issued up to that time in the day, then write down the number.
- 6 To find out how many minutes people have to wait in the queue, note the time a person you will remember joins the queue and then see how much time passes before they get to the table.

Counting officer: Frank van der Velde.

Reconciliation: began late because of general disorder.

By about 10⁰⁰ reconciliation was under way with no major problems besides Vredhoek (see incident report by Larere). Security was however a constant concern of all party monitors - very slack. - Two other batches found mistakes with presiding officer ~~sheet~~ lists.

- Some ^{boxes} ~~batches~~ from Sea Point had a pink ribbon but no front seal
- One box from Camps Bay had a broken back lip of which had been sealed with masking tape!

Everything else reconciled to within acceptable ballots (0.5%)

Counting: counting was disorganised - party agents objected on grounds of:

- free access to bldg
- bags, & jackets; papers and stationery on counting tables
- party agents not being called when disputes were discussed

Finally NEON observer objected on similar grounds.
