Dear Giuseppe,

### A WORD OF THANKS

As the conference manager in charge of physical planning for CODESA II, I would like to thank you very sincerely for your efforts in rectifying the misunderstandings that arose between your company and the finance department at CODESA. I would like to apologise on their behalf for having placed you in such a difficult position, but at the same time it is only through an organisations attempts to make a bad situation right that one learns their capabilities and strengths.

Had you not been in a position to be of assistance to me, it would have reflected badly on myself and my organisation's management abilities.

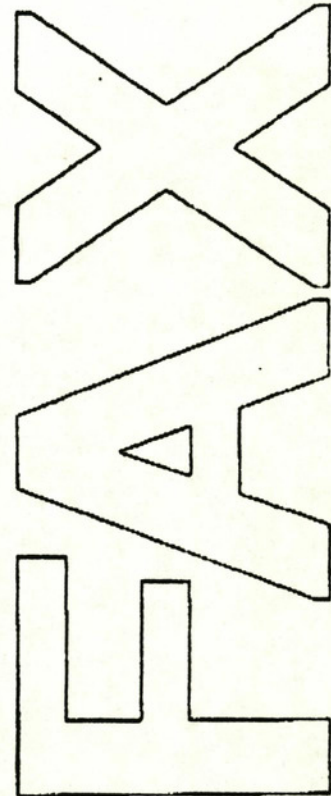

Your assistance to me was, therefore, invaluable and has created an extremely positive impression of your organisation, in my mind. I will have no hesitation in recommending your firm to my colleagues in the industry, and hope to be able to make use of your products in the near future.

Yours sincerely
