Dear Sir

During discussions held in Codesa Working Group 1 [dealing with the creation of a climate for free political participation and the role of the international community] on the 20/01/92, it was agreed that each delegation should make a submission to the Working Group Steering Committee on that delegation's perspective on the Terms of Reference of Working Group 1 [see enclosed]. The submission should pay particular attention to the grouping or arrangement of the items to be dealt with by the Working Group in a way that will best facilitate discussion.

These submissions, in writing, should be posted to PO Box 307, Isando, 1600, or, preferably, faxed to (011) 397 2211 by 12h00 on Monday the 27th of January.

Yours sincerely
