

PROPOSAL ON CODESA SECURITY
FOR PERIOD 13-01-92 TILL END OF CODESA II

PREAMBLE

Notwithstanding the successful outcome of CODESA 1 with regard to the security of the Conference, the security arrangements for the subsequent work of CODESA need to be revised for the following reasons:

1. The prolonged nature of CODESA and the consequent need to provide on-going security for the duration of its work;
2. The recent spate of bomb attacks throughout the country more than underlines the need for the provision of effective and impartial security for the activities of CODESA.

PROPOSAL

1. That CODESA considers the formation of a semi-permanent CODESA security force, drawn from participant organizations/institutions for the duration of the activities of CODESA.
2. That this CODESA security force (CSF), be a full time force, under the employ of CODESA, providing effective security to all the activities of CODESA. In the case of those members of CSF in the employ of the State, their participation in the CSF should be considered as a special assignment for the duration of CODESA without loss of State salary or any other benefits that they currently enjoy.
3. The CSF should comprise members of participant organizations who have experience in security matters and who possess rank commensurate with the execution of basic and routine security matters.
 - 3.i All participant organizations have been requested to put forward two persons to undertake security duties on Monday 20/1/92.
 - 3.ii A further three persons will be requested from the participant organizations to augment Monday's ad hoc force

CONVENTION FOR A DEMOCRATIC SOUTH AFRICA

and form the more permanent CSF.

4. The CSF will draw on the expertise of the relevant security forces in the effective execution of their tasks.
5. That CODESA facilitate the provision of all arrangements that are necessary for the CSF to operate effectively.
6. That, together with the Secretariat and Murphy Morobe, the Co-convenors of the Political Security Committee and Co-commanders of the Codesa security force constitute the Security Sub-Committee to ensure the implementation of Management Committee and Daily Management Committee decisions with regard to security.
