TO WHOM IT MAY CONCERN.:

→ WC-4

We, the majority of the Whites, demand what is rightfully ours ...

The creation of a White homeland should be considered, stretching from Pretoria to Bloemfontein and Mossel Bay.

The borders can be negotiated ...

The majority of Whites live in this area, but Johannesburg, Soweto, Sandton, Randburg, Bryanston and a piece of land stretching to Bophuthatswana should be excluded from the White homeland.

Dont antagonize the Afrikaners by not creating a White homeland, because the AWB's "Ystergarde" will be child play if you ignore what the majority of Whites are standing for.

We're not expecting the impossible, because Buthelezi Inkatha, Kgongos Bophuthatswana, Cuper Ciskei or Mopedis Qwa Qwa feel the same like we do about a CONFEDERATION.

Your federation is out, because it isnt going to work ...

We also dismiss the unitary state the ANC is standing for as unrealistic, because you deny the different nationalities rights for self - determination.

Dont underestimate us, because we demand eighty different groups of the Right grievances, what they're standing for.

Our plan is highly acceptable to the majority of the Whites, including the CP, HNP or AWB.

The area between Strand and Port Elizabeth must be open to the White homeland, while the West - Transvaal, Ellisras, Pietersburg and the Western Karoo (Upington) are included in our demands.

Our Homeland is being called "Orania", not "Liberta" ...

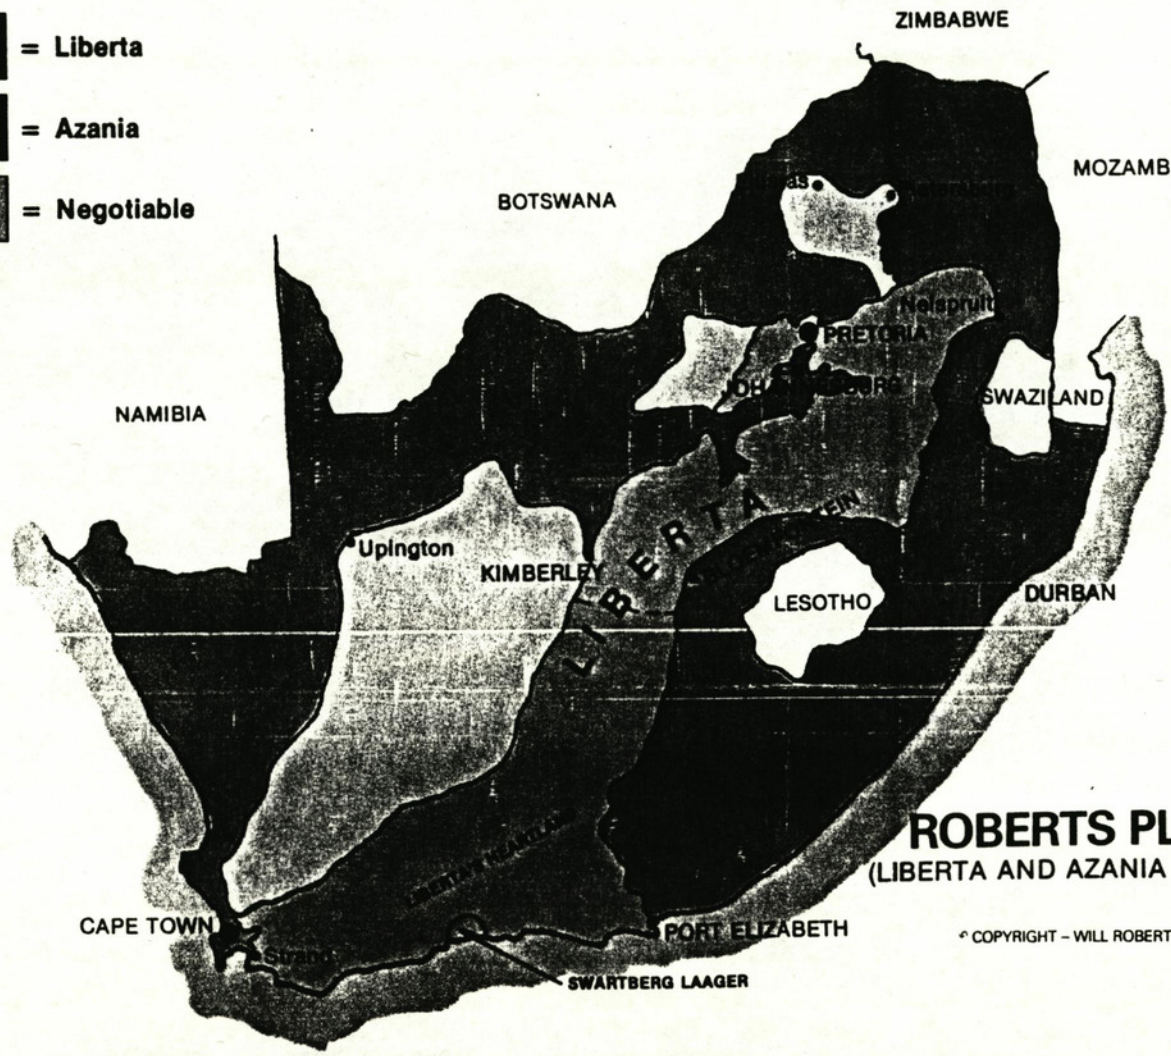

Will Roberts wrote about it in "African White Tribes", but the idea came already from the late Dr C Mulder (in 1977) and should be considered if you like to get the CP on the negotiation table, otherwise it will be futile ...
