TO: STEERING COMMITTEE OF WORKING GROUP 4
BY: SUB-GROUP 1 (TESTING THE WILL OF THE PEOPLE) OF
WORKING GROUP 4
SUBJECT: STRATEGIES FOR INFORMATION ABOUT CODESA

Sub-group 1 proposes that the Codesa management committee sets up an independent and objective broadcasting facility, perhaps called "The Voice of Codesa". Broadcasting would be via all electronic media (TV, radio etc) at prime time. "Voice of Codesa" would broadcast directly from Codesa, after the usual weekly press conference, so that it is seen to be objective and independent. The spokesperson would be the chair of the management committee.
