

MESSAGE OF WORKING GROUP 3 OF CODESA TO MR. HALTON CHEADLE

This morning, Working Group 3 of CODESA heard the tragic news that you and your family were involved in a car accident during the Easter period, as a result of which your daughter, Kate, lost her life. We too are deeply saddened by the loss which has befallen you as our colleague and a fellow South African and wish to convey to you our own sense of grief. Please accept our sincere condolences to you and your family and our hope that you will find sufficient strength to weather this terrible tragedy and continue to participate in all the processes leading to the transformation of South Africa into the happy and prosperous country we all want it to be.
