TO;

THE CHAIRPERSON,  
NEGOTIATING COUNCIL,  
WORLD TRADE CENTRE,  
KEMPTON PARK.

DEAR SIR/MADAM,

RE: DELIBERATIONS ON CRIMINAL AND POLITICAL VIOLENCE  
-----

I'd like to address the issue of "CRIMINAL VIOLENCE" (with the hope that benefits that accrue) will have a spinoff on "POLITICAL".

We (the SOUTH AFRICAN COMMUNITY) have to STOP asking questions like: 'When will this violence end??!'

We have to STOP using euphemistic terms to describe our revulsion for the dastardly acts of violence wrecking our WHOLE life (economy, sense of being, livelihood etc.)!!

We have to STOP discussing the scourge of drugs (cocaine, mandrax etc.) amongst the youth and adults alike!!

We have to STOP counting the billions squandered through corruption—both in the government (Dept. Of Development Aid, Bantustans etc) and in private institutions (Masterbond, 'Truckkor', Blank, Brewer etc)!!

We have to STOP collecting and collating data of rape/incest victims and incessantly expatiate on how destructive such humiliation is on the victim's whole self!!

We have to STOP counting and reporting incidences of car hijackings and murder by thugs carrying unlicensed firearms in the printed and electronic media!!

We have to STOP describing in detail channels/conduits and mechanisms through which AK 47'S, MAKAROV PISTOLS ETC. (brand new, unregistered or otherwise) reach South Africa from wherever (Mozambique etc.) and by whoever ("third force")!!

We have to STOP intellectualizing about the causes of (or types of environment and nurture which predispose to) violent behaviour!!

We have to STOP castigating the SAP/SADF for its 'inefficiency' in unrest control and/or collusion with perpetrators of violence!!

FOR-Whilst we are busy with the above (Whilst faced with a possibly hazy future)-

-Many South Africans who have grown up to be excellent professionals have emigrated! Those who are still around-black AND white-have not YET emigrated due to financial constraints, parents who are sickly/elderly etc and NOT through patriotism! Call them cowards but KNOW that KUSINDA ABAKWA-GWALA!!

-School dropouts are peddling drugs and corrupting South Africa's children and getting rich whilst honest law-abiding citizens toil every day of their lives for salaries that lag inflation ad infinitum!!

-Brave youngsters rob and kill business owners, medical doctors-scholars kill and rape teachers...

-The economy of a country with "such great potential" is going to the dogs...Insurance companies can no more promise inflation-beating products!!

-South Africa gets infiltrated by more and more incompetent medical doctors-to take care of our children!!Any predictions as to where the quality of our health care destined?Don't blame Rina!

-South Africa-in the eyes of the economic super powers-is a MAJOR risk..!

-The SOUTH AFRICAN POLICE'S flexible budget continues to allow for rewards for;

i) the unconditional submission of unlicensed firearms;  
ii) "information leading to the arrest and conviction of...perpetrators of violence...with, as yet, unrecognisable success..!

-Illegal immigrants loiter the streets of Johannesburg, Cape Town etc without work nor residence permits-along with their no-immunised children! Poor quality wristwatches-which carry no guarantee- are being sold in our main city flea markets! South Africa's 'free' enterprise??

From the above resume I propose that;

- i) The judiciary;
- ii) The T E C/Govt. of National Unity;
- iii) The command structure of the unified armed forces;

together form a CRIME ELIMINATION UNIT WHOSE sole purpose-over a period of three years-will be the carrying out of the following procedures to finality, within three days of conviction, with no allowance for an appeal to a higher court (for the crimes enumerated below):

a) CRIME:-Proven rape/incest;  
-Theft (cars, money, videos etc);  
-Illegal immigration (aiding, profiting from and or participating in);  
-Murder (of any sort);  
-Possession of unlicensed firearms.

PUNISHMENT: -Death by decapitation IN PUBLIC.  
-Immediate cremation.  
-Ashes to be buried once a week (later-monthly) en masse by the government with no prayer nor ceremony nor mourning by relatives WHATSOEVER!  
-No repatriation of ashes to illegal immigrants' countries of origin (Other countries will learn from the United Nations of the existence of the Crime Elimination Unit).

b) CRIME:-Drug peddling.

PUNISHMENT: i) For the courier-

As above.

ii) For the addicted client-

As above.

iii) For the baron-

As above plus forfeiture of all assets to

the state.

c) Economic crimes-govt/private eg. Fleecing ignorant pensioners (Masterbond);

-Dishonest practices (Blank, Brewer, Aldworth etc.);

PUNISHMENT: i) Less than R1000=00 involved:

-Right hand cut at wrist in hospital;

-Left eye enucleated in government hospital;

-Forfeiture of stolen assets;

-Failure to submit stolen assets should be

followed by a) above.

ii) More than R1000=00 involved:

-Death as in b) above.

ADDENDUM:

I) Statistics should be collected, collated and be compared with the decrease in crime that will ensue. Statistics may then be compared with those from other countries still plagued by barbaric human beings.

II) People of age 14 years and above be orderly allowed-in limited numbers-to witness death by firing squad.

III) Newspapers-by law and for no commission-to publish names of people hung and their crimes in the upper right hand corner of their newspapers daily.

IV) This process to run for three years and then be evaluated.

KINDLY RISE ABOVE PARTY POLITICS AND CONSIDER THESE POSSIBLE SPINOFFS:

I) Women will be accorded the respect they deserve.

II) People will be able to work overtime to augment their incomes and be able to arrive home late without fear of being robbed. They will be contributing to a stronger economy through their enhanced productivity.

III) Less South Africans will ever dream of establishing drug cartels.

IV) Aliens will think twice before contemplating crossing our borders.

V) Heartless murderers will vanish or emigrate.

VI) Unlicensed firearms will be surrendered to police stations for NO reward.

VII) Fewer jailbirds will be incarcerated and fed thrice a day through taxes of their victims. More money will then be available for pension pay-outs and free hospitalisation for the elderly and the unemployed.

VIII) The media would then focus on mass education and less on crime reporting.

IX) No more 60 year olds would be raped and murdered. Instead, our elderly will be accorded the respect they-through their wisdom-deserve.

X) Nation building will be much easier in a crime-free society.

Many thanks.
