

INYANDZA NATIONAL MOVEMENT

THE PARTICIPATION OF THE GOVERNMENT OF BOPHUTATSWANA IN THE WORKING GROUP:

1. The Inyandza National Movement is perturbed by the position adopted by the Government of Bophutatswana that she cannot be bound by any decision of the Working Group. In the light of the position adopted by the Government of Bophutatswana, Inyandza National Movement would like to recommend to the Working Group the following:
 - 1.1 That the Government of Bophutatswana should accordingly not be in a position to influence consensus or decisions either against or for in this Working Group.
 - 1.2 That from henceforth the political opinion or standpoint of the Government of Bophutatswana should be considered void of any effect to the Working Group.
2. The Inyandza National Movement further recommends that the WGSC should investigate the participation and the reservation of the Government of Bophutatswana.
